HUB 360

Cookie Policy

Effective date: October 30, 2026

SAMPLE DOCUMENT - placeholder text for the HUB 360 prototype. It is not legal advice and has not been reviewed by counsel.

This Cookie Policy explains how HUB 360 uses cookies and similar browser storage on the HUB 360 platform.

1. What are cookies?

Cookies are small text files a website stores in your browser. Similar technologies, such as local storage and session storage, let a site remember information between pages or visits.

2. Cookies we use

- Strictly necessary: keep you signed in during a session and protect your account (for example the session record and the idle sign-out timer).
- Preferences: remember choices such as "Remember me" and your light or dark theme.
- Analytics (optional): help us understand how the Service is used so we can improve it. These are only set with your consent.

3. Managing cookies

You can block or delete cookies in your browser settings. Blocking strictly necessary cookies may stop parts of the Service, such as signing in, from working.

4. Contact

Questions about this policy can be sent to legal@hub360.example.
