HUB 360

Privacy Policy

Effective date: October 30, 2026

SAMPLE DOCUMENT - placeholder text for the HUB 360 prototype. It is not legal advice and has not been reviewed by counsel.

This Privacy Policy explains how HUB 360 ("we", "us") collects, uses and protects information when you use the HUB 360 platform and the Solar Suite 360 applications (the "Service").

1. Information we collect

- Account details you give us, such as your name, email address, phone number, company name, EIN and business address when you request an account.
- Information created while you use the Service, such as sites, projects, inventory records, orders and the notes you add to them.
- Technical data sent by your browser, such as IP address, device type, pages viewed and the date and time of each request.

2. How we use information

- To create and secure your account, including verifying your email address and resetting your password.
- To provide, maintain and improve the Service, and to respond to your support requests.
- To send service notices such as account approvals, security alerts and changes to these policies.

3. Sharing

We do not sell your personal information. We share it only with service providers who help us run the Service (for example hosting and email delivery), when you ask us to, or when the law requires it.

4. Retention and security

We keep account information for as long as your account is active and for a limited period afterwards to meet legal and accounting obligations. We protect data with encryption in transit, access controls and regular reviews.

5. Your choices

You can view and update your account details in Account Settings, ask for a copy of your data, or ask us to delete your account by contacting us at the address below.

6. Contact
